Statement to Every Fellow Human Being

I address this statement to every brother and sister in humanity.

Islam, in its pure and true form, is a religion that Allah has made a mercy to all of creation. Allah Almighty sent Prophet Muhammad (peace be upon him) to guide all of humanity, just as He sent Moses, Jesus, and the prophets and messengers before him.

The human being was at the heart of the message of Prophet Muhammad (peace be upon him). He wished for humanity to attain happiness in this life and the Hereafter. Therefore, Islam established guidance that brings goodness and well-being to people's lives, commanding them to do what benefits them and prohibiting and warning them against what causes harm.

From this perspective, we wish to emphasize the following:

First: Islam regards every human being as someone who strives and struggles in life. A person strives to earn their daily bread through their own honest efforts so that they may live with dignity. A person struggles against their own desires and impulses to become upright and righteous, benefiting themselves, their family, and their country, thereby contributing to a strong and respected nation. A person also strives to defend their homeland against any aggression so that their country remains strong and victorious.

Therefore, Islam calls upon us to pray for everyone who strives for the love of their homeland, its freedom, and its dignity.

Second: Islam prohibits injustice against any human being, whether Muslim or non-Muslim. It does not accept oppression against anyone.

Allah says in a sacred Hadith:

> *"O My servants, I have forbidden injustice for Myself and have made it forbidden among you, so do not wrong one another."*

Based on this sacred teaching, we stand against injustice and those who commit it, whoever they may be, Muslim or non-Muslim. We stand with the oppressed, support them, and advocate for their causes, without regard to their religion, beliefs, gender, or background.

Islam came to establish justice. Allah Almighty says:

> *"And when you judge between people, judge with justice." (Qur'an 4:58)*

"And do not let the hatred of a people cause you to depart from justice. Be just; that is nearer to righteousness." (Qur'an 5:8)

"Indeed, Allah commands justice and excellence." (Qur'an 16:90)

In light of these sacred teachings, we pray against every oppressor who wrongs people in any form of injustice. We also pray for every oppressed person, that their rights be restored and that they prevail over their oppressor.

This is a statement to all people, so that they may understand that everyone living on the soil of this homeland, Muslims and non-Muslims alike, works toward its security and stability. There is no place for anyone seeking to sow discord among the people of one nation.

I affirm that anyone who seeks to create division and discord is acting against the interests of this homeland. Every responsible and sensible official must stand against such individuals and take the necessary measures to stop their actions.
